

# NAVEENKUMAR VARADHARAJ

ERP Functional Consultant | Apparel & Textile Supply Chain

+91 99435 84370 • vnaveenkumar0802@gmail.com • Coimbatore, Tamil Nadu

## PROFESSIONAL SUMMARY

---

ERP Techno-Functional Consultant with 3+ years of hands-on implementation and support experience across Datatex and WFX ERP platforms in the apparel and textile industry. Delivered end-to-end module rollouts spanning procurement, inventory, WMS, EDI, MES, and production planning — consistently reducing manual effort and improving data accuracy. Skilled at bridging business requirements and system configuration; strong track record in UAT facilitation, user onboarding, and post-go-live stability.

## PROFESSIONAL EXPERIENCE

---

### ERP Support Executive

Nov 2022 – Present

CTL India Pvt. Ltd. (formerly Aquarelle India Pvt. Ltd.) — TROPIC, Coimbatore

#### WFX (World Fashion Exchange) ERP

- Automated buyer PO extraction from portal and email feeds into WFX, eliminating manual keying for 500+ purchase orders per month and cutting average processing time by ~70%.
- Configured EDI order creation workflows enabling seamless automated exchange of inbound/outbound orders between buyers and the organization — reducing order processing errors to near zero.
- Implemented WMS integration within WFX, enabling real-time inventory tracking, goods receipt, and dispatch visibility across multiple warehouse locations for faster fulfilment decisions.
- Supported PPC module configuration — aligned planning parameters with production execution, improving data consistency between planning and shop floor layers.
- Integrated WFX with third-party platforms for order management, inventory sync, and supplier communications, reducing reconciliation effort across systems.
- Delivered end-user training and post-go-live support for 30+ users across procurement, warehouse, and vendor collaboration functions.

#### Datatex ERP

- Led implementation of 6 core Datatex ERP modules — procurement, inventory, sales, logistics, fixed assets, and production planning — for a large-scale textile manufacturer.
- Designed requisition approval workflows and catalog integrations that standardized procurement processes and reduced off-system workarounds by the procurement team.
- Migrated 300+ supplier master records (profiles, sites, contacts, classifications) with zero data integrity failures at go-live.
- Configured MQM (Machine Queue Management) for MES tracking across production lines, providing real-time shop floor visibility and improving reporting accuracy.
- Facilitated UAT sessions across 3 functional departments, resolving 40+ test defects pre-go-live and achieving a clean production cutover.
- Managed change requests and software update validations, maintaining SLA adherence while continuously improving configured workflows.

#### Opta-Cut & Opta-Floor

- Configured Opta-Cut for cutting room management — set up cut plans, marker efficiency tracking, and fabric consumption workflows, contributing to measurable reduction in fabric waste.
- Supported Opta-Floor real-time shop floor control system — configured workstation-level output tracking and efficiency monitoring for sewing operations.
- Coordinated ERP integration for Opta-Cut/Opta-Floor, ensuring production actuals flowed accurately into planning and inventory modules with no manual reconciliation.
- Resolved incidents within defined SLA timelines; trained end-users and validated QA patch deployments for both systems.

## KEY SKILLS & TECHNICAL EXPERTISE

---

**ERP Platforms:** Datatex ERP, WFX (World Fashion Exchange), Opta-Cut, Opta-Floor

**Functional Modules:** Procurement, Inventory, Sales, Logistics, Fixed Assets, PPC, WMS, MES

**Implementation Skills:** Requirements Analysis, Workflow Configuration, Data Migration, UAT Facilitation, Go-Live Support

**Integration & Automation:** EDI Order Workflows, Buyer PO Automation, Third-Party System Integration, WMS Connectivity

**Databases & Reporting:** SQL Server, MySQL, SSRS

**Infrastructure:** VMware ESXi, Fortinet & Sophos Firewall, Active Directory, DNS/DHCP, VPN, Windows Server, RHEL, JBoss

**Tools:** Jira, TeamViewer, AnyDesk, MS Excel, MS Word

## KEY PROJECTS

---

### End-to-End ERP Implementation — Procurement & Inventory Suite

- Delivered full lifecycle implementation of procurement, sourcing, and inventory modules on Datatex and WFX ERP; streamlined approval automation and reduced manual touchpoints across the supply chain.

### Buyer PO Extraction Automation & EDI Order Integration

- Built automated pipeline for buyer PO extraction from portal/email feeds into WFX, and configured EDI workflows for real-time buyer-supplier order exchange — eliminating manual data entry for hundreds of POs per month.

### Supplier Onboarding & Master Data Migration

- Managed end-to-end supplier master data migration including classification, site setup, and contact details for 300+ vendors, integrated cleanly into ERP procurement flows.

### Shop Floor & Cutting Room Integration (Opta-Cut / Opta-Floor)

- Integrated Opta-Cut and Opta-Floor with core ERP to enable real-time production tracking, fabric consumption monitoring, and shop floor efficiency reporting.

## EDUCATION

---

### Bachelor of Computer Applications (BCA)

Jul 2019 – Jun 2022

Sri Ganesh College of Arts & Science, Salem — Periyar University | CGPA: 8.1 / 10
